11. Consider, discuss, and possible action to amend, revise, approve or deny Resolution 2023-10-02, fixing the amount of General Obligation Bonds, Series 2024 to mature each year; fixing the time and place the Bonds are to be sold; designating a Paying Agent/Registrar; authorizing and approving contracts for Bond Counsel, Financial Advisor and Paying Agent-registrar services and amendments thereto; approving the preliminary official statement and distribution thereof; and authorizing the Clerk to give notice of said sale as required by law and fixing other details of the issue, or take any other appropriate action.

Exhibit:

Assessed Property values grew by approximately 39.4% from 2022 to 2023. This can be attributed to a couple of factors: one being the new houses that have been built adding to the total number of houses and two being an increase in the market value of houses. The Estimate of Needs shows our required millage to be 15.41 Mils, which is a drop from 19.58 Mils for 2022. To maintain our target average of 16 Mils a G.O. Bond will need to be issued, without a new G.O. Bond the millage is estimated to drop to approximately 13.25 to 13.5 Mils.

The GO Bond will be issued for \$100,000.00 and be designated for you on Community Buildings Complex. The Community Buildings Complex Bonds, which was Proposition No.2 on the February 9, 2016 vote, allocated \$1,650,000.00 for community buildings within the Town. The funds can be used for the purpose of designing, developing, and improving a Community Buildings Complex and designing, constructing, improving, equipping and furnishing community buildings within the Community Buildings Complex. These funds could be used or allocated for the Nature Center Facilities project and serve as additional funding to TIF and possible TSET grant.

MOTION: A motion was made by Brule' and seconded by Chapman to Approve Resolution 2023-10-02, fixing the amount of General Obligation Bonds, Series 2024 to mature each year; fixing the time and place the Bonds are to be sold; designating a Paying Agent/Registrar; authorizing and approving contracts for Bond Counsel, Financial Advisor and Paying Agent-registrar services and amendments thereto; approving the preliminary official statement and distribution thereof; and authorizing the Clerk to give notice of said sale as required by law and fixing other details of the issue.

12. Consider, discuss, and possible action to amend, revise, approve or deny Resolution 2023-10-03 of the Board of Trustees of The Town of Carlton Landing, Oklahoma (The "TOWN") authorizing the Carlton Landing Economic Development Trust (the

"AUTHORITY") to assist the Town in carrying out and administering the Carlton Landing Economic Development Project Plan adopted by the Town; approving the incurrence of indebtedness by the Authority issuing its Tax Increment Revenue Note, Taxable Series 2023 (the "Note"); providing that the organizational document creating the Authority is subject to the provisions of the indenture authorizing the issuance of said Note; waiving Competitive Bidding with respect to the sale of said Note and approving the proceedings of the Authority pertaining to the sale of said Note; approving and authorizing execution of a Security Agreement by and between the Town and the Authority pertaining to the pledge of certain Ad Valorem Tax Increment revenue; approving the use of assistance in development financing; and containing other provisions relating thereto, or take any other appropriate action. Exhibit:

Assessed Property values grew by approximately 39.4% from 2022 to 2023. This can be attributed to a couple of factors: one being the new houses that have been built adding to the total number of houses and two being an increase in the market value of houses. The Estimate of Needs shows our required millage to be 15.41 Mils, which is a drop from 19.58 Mils for 2022. To maintain our target average of 16 Mils a G.O. Bond will need to be issued, without a new G.O. Bond the millage is estimated to drop to approximately 13.25 to 13.5 Mils. Another impact this year to the TIF Revenue Note is higher interest rates. Although this will be one of the largest TIF Revenue Notes for the Economic Development Trust, the higher interest rate is impacting the amount of funds we will receive.

The TIF Committee has not met to review projects and priorities based on the 2023 TIF Revenue Note. At this time no specific funding allocation has been made or being recommended. Once the TIF Committee meets and prepares a recommendation it will be submitted to the Board for consideration and possible approval.

MOTION: A Motion was made by Brule' and seconded by Chapman to Approve Resolution 2023-10-03 of the Board of Trustees of The Town of Carlton Landing, Oklahoma (The "TOWN") authorizing the Carlton Landing Economic Development Trust (the "AUTHORITY") to assist the Town in carrying out and administering the Carlton Landing Economic Development Project Plan adopted by the Town; approving the incurrence of indebtedness by the Authority issuing its Tax Increment Revenue Note, Taxable Series 2023 (the "Note"); providing that the organizational document creating the Authority is subject to the provisions of the indenture authorizing the issuance of said Note; waiving Competitive Bidding with respect to the sale of said Note and approving the proceedings of the Authority pertaining to the sale of said Note; approving and authorizing execution of a Security Agreement by and between the Town and the Authority pertaining to the pledge of certain Ad Valorem Tax Increment revenue; approving the use of assistance in development financing; and containing other provisions relating thereto.

- 8.3.2. Within ten (10) Working Days following receipt by Client of Contractor's payment application, Client shall pay to Contractor, one hundred percent (100%) of the amount due and owing under the applicable invoice.
- 8.3.3. If Client and Contractor are unable to resolve a disputed item in the Payment Application, the undisputed amount shall be paid to Contractor and any disputed amounts shall be submitted for dispute resolution in accordance with Section 15.
- 8.3.4. Should Client fail to pay Contractor undisputed amounts within thirty (30) calendar days following receipt from Contractor of a payment application, then the unpaid amount shall accrue interest at the rate of eight percent (8%) from the date payment was due until such sum is paid in full.

Section 9 Indemnification

9.1. To the fullest extent permitted by law, Contractor shall defend, indemnify and hold the Indemnified Parties harmless from and against any and all claims, damages, losses and expenses arising out of or resulting from the performance of the Work, excepting only such injury or harm as may be caused solely and exclusively by the fault or negligence of, or by the willful misconduct of, one or more of the Indemnified Parties. Such indemnity shall extend to claims, demands, or liability for injuries occurring after completion of the Project, as well as during the construction of the Project.

Section 11 Limitations on Work

11.1. Client acknowledges and agrees that Contractor's obligation under this Agreement is to use reasonable efforts to cause the Project to be completed in accordance with plans and specifications, budgets and schedules approved by Client, but that Contractor shall not be deemed to have given any guaranty or warranty that any of the foregoing can be accomplished and shall not be liable for the errors, omissions or breaches of contract by the Additional Service Providers or any other party providing goods or services to the Project. Contractor, however, shall promptly notify Client when it reasonably anticipates that the Project cannot be constructed in accordance with the plans and specifications, budgets and schedules approved by Client.

Section 12 Time for Completion

12.1. The Work shall be undertaken and completed substantially in accordance with the Project Schedule prepared by the Additional Service Providers and approved by the Client and Contractor. The Project Schedule shall be used by the parties for planning and monitoring the progress of the Work.

- Alley Phase II and Block 10 Parking Lot We are working through final payment request. We have received calls from some of the subcontractors stating they have not been paid. H&G has requested a change order for additional asphalt but has been unable to support or prove the plans and specifications are wrong. Kay and I have been discussing the best approach regarding non-payment to subcontractors. One next step is to provide notice to the Bonding Company of the Payment Bond. We are still holding the retainage.
- Stephens Road Extension The contractor has mobilized and is making good progress on the road. They have run into some shale rock in one area. They are still on pace to complete on time.
- Adopt a Bench The plaques for the benches have been submitted. Last update benches should arrive in early January. The Bench subcommittee of the Planning Commission has met and updated the proposed bench locations. The Planning Commission will review and if they approve, planned bench locations will got to .design review, and once approved by design review the plan will come to the Town Board for review and approval. Design review has already approved the bench itself, they will just be looking at the locations.
- Nature Center Facilities Attended a meeting with the Corp and we discussed the request submitted for the additional clearing and trail extension. They said the trail portion was OK, but they are not going to approve the additional clearing at this time. They said once we receive the denial for this request, we can resubmit with just the trail extension and that would be approved. Project Management Agreement details were finalized and has been signed.
- Trail Expansion Same as the Nature Center Facility, Corp denying the clearing of trees, but trail is fine. After I get the formal denial from the Corp will resubmit just the trails.
- 2024 Meeting Dates The McAlester newspaper crossed the information related to the Town Board meeting and the RWD. They have corrected and republished the Notices. The Town Board and CLEDT meeting notices have been filed with the County.
- Employee Handbook and Policies Ann Elfrink, auditor, suggested the Town approve a formal travel policy. We have been following the travel and training provision in the Town Administrator Agreement, which Ann said was OK, but would be better if the Town had a Policy. While I was developing the new policy I thought it would be good to include some other Employee Policies that should be in place and formalized. I plan to have the Employee Handbook on the December Agenda.

Thank you.
